EAN: 0705632426043

- An exceptional anti-aging concept developed from 100% natural, organic (bio-certified) natural products by our experienced life scientists
- Especially suitable for a mature, dry, challenged skin
- With high-quality organic oils and natural vitamins
- The action of individual active compounds has been proved in numerous scientific studies
- Free of preservatives, mineral and silicone oils, parabens, PEG derivatives
- Free of synthetic dyes and fragrances
- In a lightproof MIRON purple glassware for an optimal light protection and long-term effectiveness

The exquisite organic oil composition consists of argan, jojoba, tamanu, rose hip seed, lavender, rose and incense oil and supports skin regeneration due to the high content of essential fatty acids, natural/skin cell-similar lipids, vitamin E and other antioxidant compounds. **Beauty Anti-Aging Night Serum** acts as a precious elixir for each skin type because of the accurately selected medical and cosmetic applications of individual active compounds:

- ✓ Protects against skin aging and acts revitalizing due to an optimal nutrient supply
- ✓ Donates moisture and improves the skin elasticity
- ✓ Stimulates skin regeneration and reduces wrinkle formation
- ✓ Improves skin structure
- ✓ Acts antioxidant, anti-inflammatory, scar-healing
- ✓ Acts against skin irritations (pimples, comedos, acne) and infections
- ✓ With a soothing and relaxing action

Application

In the evening apply 2-3 drops of **Beauty Anti-Aging Night Serum** on your finger pads and massage into the cleaned skin (face and neck) by light, circular movements. Avoid eye contact. The oil serum absorbs quickly and does not make the skin greasy. Your skin feels immediately soft and relaxed.

When used as a night care, one flask of **Beauty Anti-Aging Night Serum** lasts for about 6 months. It can be well combined with **Miracle Anti-Aging Daily Cream** as a day care. For skin cleansing and care we recommend the natural facial fluid **Rose Fluid** from **P.Glia**  **Health & Beauty Biomedical**.
