- With a skin-smoothing and soothing effect due to natural flower extracts and D-Panthenole
- Strong antioxidant and nurturing properties
- Free of preservatives, mineral and silicone oils, parabens, PEG derivatives, and synthetic dyes and fragrances
- 100% natural, with organic (bio-certified) plant oils

The highly effective combination of argan, wheat germ, sea buckthorn and jojoba oil with natural vitamin E and herbal extracts from calendula and chamomile is a special day care development for the aging sensitive skin with elasticity loss. The natural oils and herbs in this formulation have a high content of omega 3, 6 und 9 fatty acids, the vitamins B, C, D, E and K, minerals and/or trace elements, and optimally regulate the cell function and connective tissue properties. The skin cell-like lipids included in the cream basis become integrated into the skin cell membrane and release these active compounds directly into the cells and the surrounding extracellular matrix. The effects of individual compounds in the **Miracle S** formulation have been proved in numerous scientific studies:

- ✓ Act anti-inflammatory and cell-revitalizing
- ✓ Reduce skin redness and smoothens the skin
- ✓ Donate moisture and improve the skin elasticity
- ✓ Intensively regenerate the skin and improve the skin structure
- ✓ Have strong antioxidant, cleansing and decongestant effects
- ✓ Display stimulating and wound healing properties
- ✓ Effective against skin irritations and itching

Application

Apply sparsely **Miracle S Anti-Aging Daily Cream** daily onto the cleaned skin and massage with light circular movements. Avoid eye contact.
